A Webinar In Association with the Embassy of India - Brussels, BICCI, IBCL, and Invest India  
Sept 29, 2025 | 11 AM CEST | Duration: 60 minutes

### Background

India, Belgium, and Luxembourg share deep-rooted economic ties, nurtured over decades of trade, investment, and knowledge partnerships. Both Belgium and Luxembourg have long been gateways to Europe's innovation-driven industries, while India represents one of the fastest-growing large economies in the world, offering scale, talent, and policy stability. Together, these complementarities create a strong foundation for deepening economic engagement.

This webinar will showcase India's evolving investment landscape, highlighting opportunities in two priority sectors: (1) Life Sciences—where India is a global hub for pharmaceuticals, biotech, and healthcare innovation; and (2) Semiconductors, Electronics, and High-Tech Manufacturing—key drivers of resilient supply chains and advanced manufacturing.
